The Cape Ann Museum, founded in 1875, exists to preserve and celebrate the history and culture of the area and to keep it relevant to today's audiences. Spanning 44,000 square feet, the Museum is one of the major cultural institutions on Boston's North Shore welcoming more than 25,000 local, national, and international visitors each year to its exhibitions and programs. In addition to fine art, the Museum's collections include decorative art, textiles, artifacts from the maritime and granite industries, three historic homes, a Library & Archives and a sculpture park in the heart of downtown Gloucester. In Summer 2021, the Museum opened the 12,000 square foot Janet & William Ellery James Center at the [Cape Ann Museum Green](#). CAM Green will re-open in the spring.
